Have gained good exposure to understand various aspects of **Full Stack Java Development**, through Masters Program which has developed a great sense of confidence at a very personal level. Hence, I seek a challenging position in the area of **Software Development, Full Stack Java Developer, Front-End Developer, Back-End Developer and Related fields**. where I can share my skills and expand my capabilities further in the pursuit of progressive career advancement.

TECHNICAL SKILL'S:

Programming Language's: Java Server Pages(JSP), Java, Java Script, Servlets, DSA(Medium).

Framework's: spring boot, Micro services, Spring Framework.

Database: MySQL.

Advance Technologies': AWS, Hibernate.

EXPERIANCE:

Full Stack Java Developer

 SimpliLearn  Online Training  13 Feb 2022 **TO** August 2022

- I'm successfully complete this program having completed all mandated course requirement and industry Project's with Distinction.
- From here I'm learn Industry Demanded Technologies and Work on 5 Project's.
- Here I'm Develop my all projects in Agile Environment.
- This **Training is Most Focuses on Java, Spring Boot, micro service, Hibernate and Data Structure and Algorithm's.**
- From this Training I'm learn & Implement this Technologies - **Java, Data Structure, MySQL, Spring Boot, Spring, Micro service, Angular, Hibernate, Servlet, Hibernate Template.**
- After get training I'm Feel confident in my Software Carrier and Always ready to take Challenges.

PROJECT'S:

- Food app:** food Delivery end to end application. [2nd August to 7th August 2022]
 - Main moto or agenda of this project is to deliver end to end application to the customer.
 - Used Technologies for Back-end **Java, Spring Boot, Spring Security, MySQL, Hibernate, etc.**
 - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
 - All API's tested on **Postman** tool.
 - Here also, I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.
- Quiz Application:** quiz application. [25rd July to 27th July 2022]
 - Main agenda of this project is to deliver high quality Quiz Application to Academy.
 - Used Technologies **html, CSS, Java Script and Angular etc.**
- Sporty Shoes:** E-commerce website for delivering Sport Shoes. [9th July to 11th July 2022]
 - User can Buy, Add Cart, can do easily, also in this we have one admin login as well.
 - Used Technologies for Back-end **Java, Spring Boot, Spring Security, MySQL, Hibernate, etc.**
 - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
 - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.

4. **Learners Academy:** Backend Admin Web App for Academy's. [5th June to 9th June 2022]
- I'm focused on Create Backend Admin portal and Deliver High Quality Product.
 - By using this project any institute can handle all back-end operations easily.
 - Used Technologies for Back-end **Java, Servlet, MySQL, Hibernate, Maven, etc.**
 - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
 - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.
 - Also all API's are tested on **Postman**.
5. **Locked Me:** Simple Console Based Application. [22nd May 2022]
- Here I'm use some **DSA concept's like Sorting with Ascending order, etc.**
 - Some **File Handling Concepts are used like Create File, read file and write file, etc.**
 - Agenda of this Project is to Create File Automatically, Sort them in ascending Order.
 - Used Technologies **Java, Data Structure, Algorithms'.**
 - This is Console Based Application.
6. **Farm at Hand:** Farm Info and Product Delivery app. [10th Feb2021 to 19th Feb 2021]
- Used Technologies **Java, Swing, MySQL, etc.**
 - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.
 - User/Farmer can buy all Farming related Product's Like Pesticide, Chemical's, etc.
 - Farmer can also took this app for Weather Information for Each and Every Crop.
 - In this we have 4 logins for User, Admin, APMC, Guest, etc.

EDUCATION:

1. **Graduated** in **Bachelor's of Computer Application–BCA** (**From** Aug 2018 **TO** October 2021),
At - Vidya Pratishthan Arts, Science and Commerce College, Baramati.
University - Savitribai Phule Pune University, Pune.
2. **Higher Secondary School Certificate–HSC** (**From** June 2016 **TO** July 2018),
At - Shree Narayandas Ramdas Jr. College, Indapur.
University - Savitribai Phule Pune University, Pune.

ACHIVEMENT/CERTIFICATION'S:

1. Master's Program - **Full-Stack Java Developer** : Simplilearn Certified, 13th August 2021
2. **Implement frameworks by DevOps way**: Simplilearn Certified, 11th July 2022.
3. **Java Developer**: Oracle Certified, March 2020.

STRENGTH'S:

1. Strong Analytical Skills.
2. Strong Leadership and Problem Solving Skills.
3. Team Building Skills.
4. Troubleshoot and solve complex problems Skills.
5. Fast Learner.
