## CARRIER OBJECTIVE:

Have gained good exposure to understand various aspects of **Full Stack Java Development**, through Masters Program which has developed a great sense of confidence at a very personal level. Hence, I seek a challenging position in the area of **Software Developer, Web Development, Full Stack Java Developer, Front-End Developer, Back-End Developer and Related fields**. where I can share my skills and expand my capabilities further in the pursuit of progressive career advancement.

## TECHNICAL SKILL'S:

**Programming Languages:** HTML5, CSS3, Java, Javascript, Angular(Basic).

**Frameworks/other tech:** spring boot, microservices.

**Database:** My SQL.

**Adv. Tech./Cloud:** Amazon Web Service - AWS (Basic), Hibernate, Git, Github, Restful API.

## TRAINING EXPERIANCE:

### Full Stack Java Developer

 SimpliLearn  Online Training  13 Feb 2022 **TO** August 2022

- I'm successfully complete this program having completed all mandated course requirement and industry Project's with Distinction.
- From here I'm learn Industry Demanded Technologies and Work on 5 Project's.
- Here I'm Develop my all projects in Agile and Software Development Lifecycle Environment.
- This **Training is Most Focuses on Java, Spring Boot, Hibernate, Scrum and Data Structure and object-oriented programming concept also Risk Management.**
- From this Training I'm learn & Implement this Technologies - **Java, Data Structure, MySQL, Spring Boot, Spring, Micro service, Angular, Hibernate, Servlet, Hibernate Template, JSON.**
- My all Project's are Individual Contributed by My Self only.

## PROJECT'S:

- Food app:** food Delivery end to end application. [2<sup>nd</sup> August to 7<sup>th</sup> August 2022]
  - Main moto or agenda of this project is to deliver end to end application to the customer.
  - Back-end Technologies **Java, Spring Boot, Spring Security, MySQL, Hibernate, REST API.**
  - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
  - All API's testing on **Postman** tool.
  - Here also, I'm **use Relational Database as MySQL** with Adv. technology **Hibernate.**
- Quiz Application:** quiz application. [25<sup>rd</sup> July to 27<sup>th</sup> July 2022]
  - Main agenda of this project is to deliver high quality UI Based Quiz App to Academy.
  - Used Technologies **html, CSS, Java Script and Angular etc.**
- Sporty Shoes:** E-commerce website for delivering Sport Shoes. [9<sup>th</sup> July to 11<sup>th</sup> July 2022]
  - User can Buy, Add Cart, can do easily, also in this we have one admin login as well.
  - Back-end Technologies **Java, Spring Boot, Spring Security, MySQL, Hibernate, etc.**
  - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
  - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate.**

4. **Learners Academy:** backend Admin Web App for Academy's. [5<sup>th</sup> June to 9<sup>th</sup> June 2022]
- I'm focused on Create backend Admin portal and Deliver High Quality Product.
  - By using this project any institute can handle all back-end operations easily.
  - Back-end Technologies **Java, Servlet, MySQL, Hibernate, Maven, etc.**
  - Front-end Technologies **JSP, CSS, Boot Strap, Java Script, etc.**
  - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.
  - Also all API's are testing on **Postman**.
5. **Locked Me:** Simple Console Based Application. [22<sup>nd</sup> May 2022]
- Here I'm use some **DSA concept's like Sorting with Ascending order, etc.**
  - Some **File Handling Concepts are used like Create File, read file and write file, etc.**
  - Agenda of this Project is to Create File Automatically, Sort them in ascending Order.
  - Used Technologies **Java Programming, Data Structure, Algorithms'**
  - This is Console Based Application.
6. **Farm at Hand:** Farm Info and Product Delivery app. [10<sup>th</sup> Feb2021 to 19<sup>th</sup> Feb 2021]
- Used Technologies **Java, Swing, MySQL, etc.**
  - In this project I'm **use Relational Database as MySQL** with Adv. technology **Hibernate**.
  - User/Farmer can buy all Farming related Product's Like Pesticide, Chemical's, etc.
  - Farmer can also took this app for Weather Information for Each and Every Crop, this function gives solution on today's problem.
  - In this we have 4 logins for User, Admin, APMC, Guest, etc.

## EDUCATION:

1. **Graduated** in **Bachelor's of Computer Application–BCA** (**From** Aug 2018 **TO** October 2021),  
**At** - Vidya Pratishthan Arts, Science and Commerce College, Baramati.  
**University** - Savitribai Phule Pune University, Pune.
2. **Higher Secondary School Certificate–HSC** (**From** June 2016 **TO** July 2018),  
**At** - Shree Narayandas Ramdas Jr. College, Indapur.  
**University** - Savitribai Phule Pune University, Pune.

## ACHIVEMENT/CERTIFICATION'S:

1. Master's Program – **Full Stack Java Developer** : Simplilearn Certified, 13<sup>th</sup> August 2021
2. **Implement frameworks by DevOps way**: Simplilearn Certified, 11<sup>th</sup> July 2022.
3. **Java Developer**: Oracle Certified, March 2020.

## STRENGTH'S:

1. Strong Communication and Analytical Skill.
2. Leadership and Problem-Solving Skills.
3. Team Building and collaborative Skills.
4. Solve complex and Real-time problems.
5. Fast Learner.
